Wikibooks is an open collection of (mostly) textbooks. Subjects range from Computing to Languages to Science; you can see all that Wikibooks has to offer in Books by Subject. Be sure to check out the Featured Books section, which highlights free books that the Wikibooks community at large believes to be “the best of what Wikibooks has to offer, and should inspire people to improve the quality of other books.”

## **Killing For The Company Just**

"Killing for the Company" is a fast-paced, suspenseful, military thriller that keeps you reading till the end. I don't read a great deal of books in this genre, and after reading "Strike Back," I was hesitant to give this one a try. The title was intriguing however, so I decided to give Ryan one more try. I'm glad I did!
